Resolution:

Mr. Franchetta read a resolution to recess into executive session on **Wednesday, March 12, 2008**, regarding contract negotiations, personnel matters, and pending litigation. On **Thursday, March 27, 2008** a closed session will be held regarding budget issues and contract negotiations, and on **Wednesday, April 2, 2008** regarding personnel matters, anticipated or pending litigation, and budget issues.

A motion was made by Mr. Bernardini, seconded by Mr. Franceschini, the resolution was passed. All Members voted "yes."

Mr. Giordano asked Mr. Franchetta to explain why he read the executive session resolution at this time.

Mr. Franchetta explained that because of a New Jersey court case executive session items now have to be narrowed down to what is actually going to be discussed. Therefore, board meetings that are far in advance can not be listed on the resolution until it is known what is actually going to be discussed the night of the meeting. Mr. Franchetta said since the board is recessing to executive session at the beginning of this meeting the resolution has to be read now.

The Board recessed to executive session at 6:35 p.m. regarding a personnel matter.

The regular meeting resumed at 7:01 p.m.

Special

Ms. Chieffo played a selection on the harp.

Ms. Bruce presented an overview on the Artist in Residence Program, where the teachers came up with a proposal to write a play about George Daynor and the Palace of Depression.

Mrs. Gavigan asked when the play is. Ms. Bruce said May 15.

Mr. Snyder said this is an excellent idea and he is glad this is being done.

A motion was made by Mr. Bernardini, seconded by Mr. Fanucci, to open the public hearing. All Members voted “yes.”

Public Comments  
on Public Hearing  
Items:

John Magee, Vineland Resident and Security Guard

Mr. Magee said in no way does he want to disrespect the people who will be receiving a raise but expressed his concern that the raises are high. He said we will be losing many people at the bottom who are not making anything at all and now is not the time.

Jennifer Giovinazzi, Student Assistance Counselor Landis School

Ms. Giovinazzi said this is her first year working for Vineland and she really enjoys it. She said her job is being cut and feels that the increase in the assistant superintendent salaries could save one of the community liaison positions.

Amy Cam, Vineland Resident

Ms. Cam said she has watched the decline of a lot of things in our school system. She finds it unconscionable that we would consider pay raises for the highest ranking administration at this period in time when there are such cuts going on.

Lori DeMatte, Library Aide at Petway School

Ms. DeMatte agrees with everyone who has spoken tonight. She does not understand how we could think about giving raises out when positions and programs are being cut that directly affect our children.

A motion was made by Mr. Bernardini, seconded by Mr. Ulrich, to close the public hearing. All Members voted “yes.”

Mr. Ottinger wanted to clarify for the public what the board will be voting on. He said these salaries are not the highest in the district and there are two assistant superintendents that actually make less than principals in the district. Mr. Ottinger said all other groups in the district received three year raises of 4.4, 4.6 and 5.0 percent. He said those raises were for the teachers, principals, supervisors and everyone in the district. Mr. Ottinger said the N.J.E.A. who represents the teachers and home school liaisons supported the governor’s school funding formula. He said these individuals are being given the lowest percentage of raises of anyone in the district by a considerable amount.

Mr. Ottinger recommended the following salary increases for the assistant superintendents:

Dr. Figgs 2.62% per year for three years

Mr. Franchetta 3.0% per year for three years

Dr. Gruccio 4.0% per year for three years

Mr. Peters 2.62% per year for three years

Mr. Ottinger pointed out that Mr. Franchetta and Dr. Gruccio are paid lower than some principals in the district.

- Motion: A motion was made by Mr. Bernardini, seconded by Mr. Fanucci, to approve the salary increases for the assistant superintendents. All Members voted “yes” except for Mr. Giordano who voted “no.”

Secretary/Custodian  
Of School Monies: Upon motion by Mr. Bernardini, seconded by Mr. Fanucci, the reports of the Secretary and Custodian of School Monies for the month of January 2008, which are in agreement were approved as submitted and on file in the Minute Book, and the Board approved its monthly certification of budgetary major account fund status and the Board Secretary’s monthly certification as on file with the Secretary. All Members voted “yes.”

Emergent Item(s)  
(with prior approval) None.

Public: Angela D’Ottavio & Brenda Cucukov, Adult Education School Nursing Instructors  
Ms. D’Ottavio said that 95 individuals have signed up for the Vineland Licensed Practical Nursing Program and 24 are Vineland residents. She asked if they receive 30 applicants willing to pay full tuition of \$6,500.00 by June 2008, do the applicants have to be from Vineland. Mr. Ottinger responded no.

Board Member  
Remarks:

Mr. Spinelli said it is his wish as well that the LPN Program continues to stay in Vineland and he will do everything he can do ensure that it happens. Mr. Spinelli said he understands what everyone is talking about in regards to the raises, but everyone deserves a cost of living increase. He said the assistant superintendents go above and beyond the things that are asked of them. Mr. Spinelli said at this point the cuts are not definitive. He said something will be cut but he is not sure what and hopefully it will affect the least amount of people as possible.

Mr. Franceschini said the reputation of the Vineland LPN Program has been excellent for the years that he has been involved in healthcare. He really hopes that this program succeeds.

Mr. Fanucci announced that Vineland had seven students that qualified for the 2008 DECA International Career Development Conference in Atlanta. He said DECA donated 100 stuffed rabbits and delivered them to Children’s Hospital as part of their community service project. Mr. Fanucci thanked and congratulated DECA for a job well done.

Mrs. Gavigan said the board understands the trauma that the budget cuts have caused. She mentioned that tomorrow Commissioner Davy will be at Cumberland County College and she urged everyone to attend to express their point of view. Mrs. Gavigan said the board does not have control on how much money the district receives.

Continued

Mrs. Gavigan announced that a Public Hearing on the budget will be held on March 27, 2008. She said Cap N' Dagger will present *Singing in the Rain* on Thursday, Friday and Saturday at Vineland High School South. Mrs. Gavigan also announced that next Wednesday at 7:00 p.m. the board will be naming the Impact Center at the Vineland Community Learning Complex. She said the board is accepting nominations.

Mr. Bernardini distributed the buildings & grounds report for the board to review. He said the last page is about Middle School #2, which will go out for bid July 1. Mr. Franceschini asked if the same architect will be used that was used for Middle School #1. Mr. Bernardini responded no. Mr. Bernardini said during the spring break Impact will be moving over to the Community Learning Complex.

Mr. Ottinger wanted the public to know that the Abbott Superintendents had the opportunity to meet with Governor Corzine, before the new legislation was passed, regarding the new school funding formula. He said the Cumberland County Superintendents also had the opportunity to meet with Commissioner Davy at Cumberland County Vo-Tech for the same purpose. Mr. Ottinger said we are trying to fight as hard as we can against this new school funding formula, which has been passed. He said it did not help that the NJEA among others supported this issue. Mr. Ottinger said with the old formula you had the right to appeal and in most cases through the years Vineland received more money. He said the board is in a very difficult position in the regard that we had to submit a balanced budget last week.

Mr. Giordano mentioned that our former Senator Nicholas Asselta supported the new school funding formula as well.

Mr. Ottinger said it is important to note that Senator Van Drew and Assemblyman Albano voted against the new formula and have been very supportive in helping us with this endeavor. He said this is the biggest fight that this district has ever faced and the negative impact this could have for years to come can not be explained.

Mr. Giordano asked Mr. Ottinger if he has heard a rumor that we will no longer be an Abbott district as of July 1. Mr. Ottinger said yes he spoke to Jim McBee who is the head of Abbott Services and he was led to believe that there would be no Abbott designation. He was wondering if this could happen because it is a Supreme Court designation. Mr. DeSanto said there is no definitive answer and this is clearly the message that the state department is sending out.

Mr. Ulrich wanted to reiterate that in a perfect world in a non-budget crisis the proposal for the small learning communities sounds great. However; in the situation we are facing do we have so much invested in small learning communities that we have to move forward. Mr. Ottinger said currently we have no choice because small learning communities are part of the secondary school initiative, which is part of the Abbott mandates. He said we are really committed and the small learning communities will not cost us any more money. Mr. Ulrich asked if there was an issue with the state not supplying the money for the labs. Mr. Ottinger said yes there are labs at Vineland High School North that can not accommodate physics. He is very confident that the School Construction Corporation will take care of this for us. Mr. Ulrich asked if there are any other Abbott Districts that are moving forward with small learning communities effective September 1. Mr. Ottinger said everyone is supposed to implement small learning communities by mandate September 2008. Mr. Ulrich said these are not easy decisions and a great deal of thought is given to every position that he votes on.

Mr. Bernardini said Mr. Peters at one time mentioned that we are one of the only school districts that were almost prepared for small learning communities.

Mr. Snyder said it is great that we are moving forward on certain things but he has the same reservations as Mr. Ulrich. He wonders what the long term affects or cost will be.

Mr. Ottinger said Mr. Peters is considered the expert on small learning communities and we will take another look at it. He said we are always open to suggestions.

Mr. Ulrich said he does believe that a smaller environment with one on one teaching and better counseling is going to benefit our students.
