

Dear Potential GEAR-UP Student and Parent or Guardian,

Please be advised of the revised GEAR-UP eligibility regulations which are available for your review at <http://www.vineland.org/gearup/index>.

Please take particular note of item #6.

The student must demonstrate participation in at least one (1) extra curricular activity per year and community service as satisfactorily demonstrated.

Each GEAR-UP student must participate in one school extra curricular activity each year that he/she is in high school. In addition he/she must also provide documentation that he/she has performed some community service while in high school.

The required forms may be downloaded from this site.

Each student must complete each of these forms every year he/she is in high school. These annual forms must be submitted in total in the GEAR – UP student's senior year. Failure to do so may preclude the student's GEAR-UP eligibility.

Copies of these regulations and the accompanying forms are also available in the main offices of each high school campus.

Questions regarding documentation of school extra curricular activities and community service may be addressed to Linda Santagata – 794-6700 ext. 2357.

Sincerely yours,

*Linda Santagata*

Supervisor of Student Personnel Services
