

POLICY #9181 Background Check for Volunteers

Criminal investigation and background checks, identical to those required by statute for employees, shall apply to volunteers, where the building principal or involved administrator determines that either (1) the activities performed by any such volunteer will involve isolated or one-on-one contacts between volunteer and a student, or (2) the activities will not be conducted on school premises or will not be connected with sponsored or sanctioned off premises activities such as athletic events, class trips or field trips. The expenses for the investigation and fingerprinting of any such volunteers shall be paid by the Board.

This policy is not intended to require criminal investigation and background checks for parents or other volunteers involved in group school activities on or off school premises.

Adopted: 11 June 1997

Meets requirements of NJ State Law PL2007, c.82 (May 4, 2007)
