Discussion and approval of the scheduling of a special meeting to entertain presentations by interested candidates for the pending Board vacancy and to appoint an individual to fill said vacancy.

Mr. English said we looked and our calendars and April 10th is when the last application can be received for the Board vacancy. He said we are looking at the following Wednesday, April 17th to have a special Board meeting to hear from the proposed candidates. Mr. English asked Mr. DeSanto when the person is voted on that evening they would have to go through the fingerprinting process. Mr. DeSanto said yes it is approval subject to the passing of the state criminal investigation check. He said tonights procedure should be discussed.

Mr. English made a recommendation to have the special board meeting to interview the board candidates on April 17, 2019 with a 6:30 p.m. start time.

Motion: A motion was made by Mr. Holmes, seconded by Mr. Fiocchi, to have the special board meeting to interview the board candidates on April 17, 2019 at 6:30 p.m. All Members voted “yes.”
Mr. DeSanto said in the past the Board had adopted a procedure for the presentations. He said during the last couple the Board developed a series of 5 common standard questions that were asked of each of the individuals. Mr. DeSanto said a half hour before the meeting the candidates were given the written questions and completed their answers to the written questions. He said one by one they would be called into the auditorium to give their presentations whether they wanted to read their answers or include them in paraphrased but they had to cover those areas. Mr. DeSanto said the Board President asks one common question to the candidates at the podium. He said those 6 questions would be the only questions that the candidates would be asked. Mr. DeSanto said the purpose behind that would be to give objectivity and neutrality. He said the presentations are made in public session and the deliberation/discussion of the candidates are made in executive session. Mr. DeSanto said the vote to appoint is made in public session. He said the Board needs to develop these questions prior to April 17th. Mr. DeSanto said the Board may want to consider an Ad Hoc committee in order to develop these questions. He said the committee can receive individual input from Board members so that the questions are developed.

Mr. English would like an Ad Hoc Committee put in place immediately and asked for two or three Board members to volunteer to be on it. Mr. Ulrich said he can do it but it may have to be through a conference call. Ms. Spinelli and Mr. Medio volunteered.

Mr. Ulrich asked what timing are we going to put on the actual answering of the questions and comments. Mr. DeSanto said he will contact Mr. Mercoli tomorrow to give him whatever he has from prior meetings.

Approval of Bills:

Upon motion by Mr. Medio, seconded by Mr. Fiocchi, the bills for February 2019 were approved and warrants issued for same. All Members voted “yes.” ($6,080,169.22)

Mr. English asked if there is a reason we are using Botino’s versus Sodexo. Mr. Salerno, Purchasing Director, said they are used by special education for behavior modification.
Mr. English questioned why the Capehart Scatchard Law firm is higher than the other firms we use. Dr. Rossi said personnel has used them for a sick leave law for hourly employees along with a couple other issues that have come up. Mr. English asked if they were our special education law firm. Mr. Mercoli said that is true.

Committee Reports:

Mr. Fiocchi said the Finance Committee met on April 1st and discussed the recommendations for budget cuts, benefits and goals of the AMSA Program, the restoring of instrumental strings and bands at elementary schools along with most of the cuts of the cafeteria workers.

Mr. Mercoli said the fund for the cafeteria workers is a separate enterprise fund and has no ramifications to the general fund, which is what the Board preliminarily approved March 13th. He said the fund has to break even, run like a business and always has to be in the black. Mr. Mercoli said in order to get the fund into the black there were some necessary cuts but no where near what the original proposal was.

Mr. English said at the last meeting there were some Board members that thought maybe something different could be done with some of the line items. He said we reached out to each Board member and had thorough discussions. Mr. English said we believe if we still have things that need to be changed and hashed out. He said in regards to the AMSA Program there is miscommunication about the cost, who it serves and how it is actually benefiting the district.

Mr. Medio said Mr. Holmes and Ms. Spinelli had recommendations for cuts. Mr. English said yes and he did as well. Mr. Medio asked if all three of them agreed on one or two cuts. Mr. English, Mr. Holmes and Ms. Spinelli all responded yes. Mr. Medio asked if the Board can make those cuts when the budget is presented. Mr. English said the big discussions were food service, strings/instrumental and the $250,000 that is being used for transportation of the current AMSA students. Mr. Medio said in the next few days he wants to know if the Board can vote to change the budget. Mr. English asked Mr. Mercoli to explain this tonight.
Mr. Mercoli said once the public hearing occurs and the public gets the opportunity to express their view on the budget the Board can change any piece of the budget at that time. He said that is why the second Board meeting, where we normally approve the budget, was re-advertised for May 1st with a second public hearing. Mr. Mercoli said you may have information that comes out of the April 29th public hearing and if you elect to change the budget it has to be changed at a meeting in which the public has been heard. He said May 1st is the actual adoption of the budget and is a second public hearing. Mr. Mercoli said the Board can change the budget up until May 14th, which is the day it has to be submitted to the county.

Mr. English said his main concern is that he did not mean to ambush central administration with last minute things. He said Mr. Mercoli did say if the budget does not pass by the Board it still has to go to the county for them to make the final decision. Mr. Mercoli said hopefully this could be settled through committee and we can come up here with exactly what the Board would like to see presented. He said we know the Vineland School District better than the county does and he hopes we can settle this before it gets to the county.

Mr. Medio said we have had several meetings on the re-dedication ceremony of the Sgt. Dominick Pilla Middle School. He said the amount of work that people have done on this committee is unbelievable. Mr. Medio discussed the contributions and work that every person did and publicly thanked them. He invited everyone to come out on Saturday to the dedication.

Mr. English thanked Mr. Medio for his work on the committee.

Mr. Ulrich said discussed at tonight’s Policy & Personnel Committee was updates on grievances, transportation positions and the reorganizing of responsibilities, purchase order maintenance system tracking process and Bylaw 0143.

Mr. English said that Mr. Mercoli has given the transportation piece a fresh set of eyes and has deep knowledge of it. He said we believe this is a valuable commodity and something we want to stay in and do our best to vest in it for the future.
Emergent Items: None.

Tara Myerson, Teacher
Ms. Myerson expressed her concern in regards to the cuts in the budget. She would like to hear how the Board feels about the cuts.

Susanne Morello
Ms. Morello thanked Mr. Medio for pushing for the re-dedication committee. She said it has been one of the most rewarding committees that she has ever served on. Ms. Morello said Mrs. Monahan, Principal of Sgt Dominick Pilla Middle School, has had many great ideas and has encouraged her students to participate. She hopes that in regards to the budget and the things we are hearing about tonight would have been uppermost in the minds of administration when the budget was being done. Ms. Morello said we as taxpayers have to look at administration and ask how did it get this far. She questioned why the Board is changing Bylaw 0143 right before selecting a new Board member.

Rebecca Tasso
Ms. Tasso expressed her concern in regards to the proposed cuts and being transferred to numerous extensions when she called the district.

Old Business: None.

New Business: None.

Board Member Remarks: Mr. Sbrana thanked the flag salute students and everyone who was honored tonight. He said if he says “no comment” at this time it does not mean that he has not had numerous conversations with his colleagues and administrators about issues. Mr. Sbrana said not a day goes by that there are not phone calls and emails that go back and forth discussing these items. He said none of us made the budget that we are dealing with currently. Mr. Sbrana said for as many people who are ok with raising the taxes there are many who say they cannot afford an increase. He said moving forward he thinks that we are going to do the very best that we can for all the students, staff and taxpayers.
Mr. Fiocchi said he is a lifelong resident, homeowner in Vineland and is marrying a teacher. He said there are always two sides to the story and we do care.

Mr. Holmes said today he had the pleasure of attending Challenge Day at Wallace School and was a remarkable event. He thanked Ms. Quinn and her staff for the turn around that he has seen at that school. Mr. Holmes said today was about empathy, compassion and teamwork and he was grateful to have the opportunity to attend. He said as a Board member he wants to remain in touch for students and fight for their interests. Mr. Holmes said in regards to the budget he is going to be very transparent. He is looking forward to more dialogue and will not be supporting this budget unless some of the cuts he presented Monday night are considered. Mr. Holmes said if we are going to ask our staff to do less with more than this building should set the example before we ask anyone else. He does not always comment but is in the schools almost every week.

Ms. Spinelli said we are not done hashing out the budget and does not want to comment on it until we define those lines. She is one of the only Board members besides Ms. Acosta that has a child in the district and understands all the cuts on every level.

Mr. Ulrich said he has a lot going through his mind and has good insight. He said sometimes his wife, who is a teacher in the district, will give him a point of view that he did not consider. Mr. Ulrich said over 80% of the taxpayers money goes to salary and benefits for the people who provide these services to our children each and every day. He said the majority of the budget that we control is very small. Mr. Ulrich said we have to look beyond this because the state is not going to bail us out. He said he has always tried to be an advocate for the children who are falling behind. Mr. Ulrich said he is interested in what we can do long term for the majority of the students that we have. He said to this day he was never given an actual cost on the AMSA Program. Mr. Ulrich said one of the Board’s ethical responsibilities is to ensure that the district is well run. He said when a Board member finds out we are spending nearly a quarter of a million dollars to bus less than 150 students it does not fit the definition of a district well run.
Mr. Ulrich said Mr. Frey has done a great service to that group of students. He has family members that are in the AMSA Program but we have to look at what that program costs us because it services so little students. Mr. Ulrich said we all want everything for the students but he does not know how we are going to do it. He does not feel it is a Board members role to line item the budget and he is looking at big ticket items that are going to affect the future. Mr. Ulrich said our primary role is to reach the largest amount of students we can and provide them with a quality education so we can get the test scores up.

Dr. Gruccio said there is misinformation out there and you do not have the full story on some of the things that are being addressed. She reminded everyone of the size of our district. Dr. Gruccio said a district of this size cannot run efficiently if we eliminate one of our Assistant Superintendents. Dr. Gruccio invited anyone to spend a day at the Board office and you will not find 5 minutes down time that any of us have. She said there is not misspending in this district and when we find it we correct the problem. Dr. Gruccio said the most important people in this district are the teachers. She said she does not like the fact that we are cutting basic skills teachers or decreasing the amount of counselors or playground aides. Dr. Gruccio said we have been working since October for hours and hours to try to do what is right and not hurt the classroom. She said it is not easy to do when you are cutting millions. Dr. Gruccio said with or without money we have done the very best we can possibly do for our children. She is proud of the district and the education our children are offered everyday in the classroom. Dr. Gruccio said she has worked in the district for 44 years. She is tired of hearing the negatives and invited anyone to spend a day in any classroom or the Board office. Dr. Gruccio urged everyone to try to remember the size of our district and to please get all the facts before tearing something apart.

Board President
Remarks: Mr. English said he has know problem bringing communication, collaboration, and transparency but it is how everyone digests it. He said at our next Board meeting you will see every AMSA parent because that is an issue for every Board member in a different way.
Mr. English said we are a county with the highest unemployment, foreclosures, and a diverse demographic population that is super challenging. He said that he came back to this Board because he believes that he could help and give guidance. Mr. English said he will continue to work because he can take constructive criticism better than anybody. He said we are the custodians of the taxpayers money. Mr. English said he has asked central administration to be more transparent and they have answered that call. He said we will continue as Board members to run the school district as we are charged to do. Mr. English said he is the one that is going hard after AMSA. He said not to close the program but to possibly make it an 8 through 12 program back at the high school. Mr. English said we are challenging Dr. Gruccio right now and making her accountable. He said we have Board members who have family working in this district. Mr. English said his wife is a kindergarten aide and she sees what is happening at the kindergarten level. He urged everyone to continue to reach out to Dr. Gruccio and do not stop coming. Mr. English said do not ever think that central administration and this Board is not working hard. He thanked everyone for coming out this evening.

Adjournment: A motion was made by Mr. Fiocchi, seconded by Mr. Holmes, to adjourn the meeting.

Respectfully Submitted

Gene Mercoli
Board Secretary
